AZERBAIJAN

Moving up the trade facilitation ladder towards seamless international supply chains

[Cumulative implementation scores of core groups of measures; full implementation =100]

The level of implementation of trade facilitation measures in Azerbaijan (52%) is above the level in Asia-Pacific (46.5%). It also exceeds the level of implementation in North and Central Asia (43%). Among the five core groups of trade facilitation measures, the most implemented in Azerbaijan are “Institutional arrangement and cooperation” measures (77.8%). The least implemented are “Cross-border paperless trade” measures (22.2%). “Transit” measures are well implemented (88.9%).

Implementation of “Transparency” measures is below both the regional and sub-regional averages. The measure least implemented in this area in Azerbaijan is *Advance ruling*. Implementation of improved “Formalities” is higher than both the regional and sub-regional averages. The least implemented measure in this area is *Publication of average release times*.

In “Paperless trade”, Azerbaijan’s implementation is above both the regional and sub-regional averages. *E-Trade licenses*, *E-Air Cargo Manifests*, and *E-Preferential Certificate of Origin* are least implemented.

Azerbaijan may focus its trade facilitation efforts in particular on full implementation of “Transparency” measures, as well as on moving towards “Cross-border paperless trade”.
