NAURU

Moving up the trade facilitation ladder towards seamless international supply chains

[Cumulative implementation scores of core groups of measures; full implementation =100]

The level of implementation of trade facilitation measures in Nauru (8%) is below the level in Asia-Pacific (46.5%). It is also below the level of implementation in Pacific Island Developing Economies (28.5%). Among the five core groups of trade facilitation measures, the most implemented in Nauru are “Formalities” measures (25%). The least implemented are “Institutional arrangement and cooperation” (0%), “Paperless trade” (0%), and “Cross-border paperless trade” measures (0%).

Implementation of “Transparency” measures is below both the regional and sub-regional averages. The measures least implemented in this area in Nauru are *Publication of regulations on the internet*, *Stakeholder consultations on draft regulations*, *Advance publication of regulation before implementation*, and *Advance ruling*. Implementation of improved “Formalities” is similarly lower than both the regional and sub-regional averages. The least implemented measures in this area are *Pre-arrival processing*, *Post-clearance audit*, *Publication of average release times*, *TF measures for authorized operators* and *Acceptance of paper or electronic copies*.

Nauru has not implemented any “Paperless trade” measures.

Nauru may focus its trade facilitation efforts in particular on full implementation of “Institutional arrangement and cooperation” and “Paperless trade” measures, as well as on moving towards “Cross-border paperless trade”.
