Tajikistan
Moving up the trade facilitation ladder
 towards seamless international supply chains

[Cumulative implementation scores of core groups of measures; full implementation = 100]

The level of implementation of trade facilitation measures in Tajikistan (49%) is above the level in Asia-Pacific (46.5%). It is also above the level of implementation in North and Central Asia (43%). Among the five core groups of trade facilitation measures, the most implemented in the Tajikistan are “Formalities” measures (79.1%). The least implemented are “Cross-border paperless trade” measures (11.1%).

Implementation of “Transparency” measures is above both the regional and sub-regional averages. The measures least implemented in this area in Tajikistan are Publication of regulations on the internet, Stakeholder consultations on draft regulations, Advance publication of regulation before implementation, and Advance ruling. Implementation of improved “Formalities” is higher than both the regional and sub-regional averages. The least implemented measures in this area are Risk management, Pre-arrival processing, Publication of average release times, TF measures for authorized operators, and Acceptance of paper or electronic copies.

In “Paperless trade”, Tajikistan’s implementation is below both the regional and sub-regional averages. E-Trade licenses, E-Air Cargo Manifests, E- Preferential Certificate of Origin, and E-Application for Customs refunds are least implemented.

Tajikistan may focus its trade facilitation efforts in particular on full implementation of “Paperless trade” measures, as well as on moving towards “Cross-border paperless trade”.
