## TIMOR-LESTE

### Moving up the trade facilitation ladder towards seamless international supply chains

[Cumulative implementation scores of core groups of measures; full implementation =100]

The level of implementation of trade facilitation measures in Timor-Leste (23%) is below the level in Asia-Pacific (46.5%). It is also lower than the level of implementation in South-East Asia (56%). Among the five core groups of trade facilitation measures, the most implemented in Timor-Leste are “Transparency” measures (53.3%). The least implemented are “Cross-border paperless trade” measures (0%).

Implementation of “Transparency” measures is below both the regional and sub-regional averages. The measure least implemented in this area in Timor-Leste is *Advance ruling*. Implementation of improved “Formalities” is similarly below both the regional and sub-regional averages. The least implemented measures in this area are *Risk management*, *Post-clearance audit*, *Separation of Release and Clearance*, *Publication of average release times*, *TF measures for authorized operators*, *Expedited shipments* and *Acceptance of paper or electronic copies*.

In “Paperless trade”, Timor-Leste’s implementation is below both the regional and sub-regional averages. *E-Single Window*, *E-Trade licenses*, *E-Preferential Certificate of Origin*, *E-Payment of duties* and *E-Application for Customs refunds* are least implemented.

Timor-Leste may focus its trade facilitation efforts in particular on full implementation of “Formalities” measures, as well as on moving towards “Cross-border paperless trade”.
